## **BRISAC GONZALEZ SHORT-LISTED FOR TWO CULTURAL PROJECTS IN FRANCE & NORWAY**

Brisac Gonzalez has recently been short-listed for two cultural projects in France and Norway.

### **Six Fours les Plages – Music school and performance hall**

Var, South of France. Six-Fours-les-Plages is located near Toulon on the Mediterranean coast of France. The project is located in the heart of town, and includes two different entities: a national music and dance school, comprising rehearsal studios, a media library and auditorium; and a performance hall commissioned by the city of Six Fours. The 11 000m<sup>2</sup> development will have to strategically include provision for a future development of 200 housing units on the site, while maintaining a strong connection to the city centre.

### **Kristiansund – Opera and Culture House**

Kristiansund is a city of 23 000 on the west coast of Norway. It is probably best known for housing Norway's oldest opera, which was established in 1928. The new Opera House and cultural centre will comprise approximately 10 000m<sup>2</sup> and will include a 600 seat auditorium, library, conference centre and school. The new building will be strategically linked to the city's existing Opera house. Brisac Gonzalez has teamed up with Oslo based architects Space Group.
